WORK EXPERIENCE

Junior Resident - Psychiatry Department 2025-26

GMERS Medical College, Navsari

- Conducted mental health assessments and psychiatric evaluations to diagnose and formulate treatment plans for patients with various psychological conditions.
- Provided patient counseling and health education on mental health awareness, coping strategies, and treatment options to promote holistic well-being.
- Managed addiction de-addiction programs, supporting patients through recovery pathways and providing motivational counseling for substance abuse management.
- Collaborated with psychiatrists and multidisciplinary healthcare team to coordinate patient care and monitor treatment progress.

INTERNSHIP

2023-24

Shantabaa Medical College & General Hospital,
Amreli

- Gathered comprehensive medical histories and conducted thorough physical examinations. Assessed medical test results to identify abnormal findings and coordinated additional tests and consultations with other healthcare staff.
- Demonstrated proficiency in performing bedside procedures including venipuncture, IV placement, RT/Foley insertion, suture and dressing of wounds, and ascitic tapping with minimal complications, improving patient comfort levels.
- Gained experience in prescribing medication, interpreting test results, assessing symptoms, and diagnosing conditions at CHC center.

Rotatory Medical internship

2022-23

Kursk State Medical University,
Russia

- Collected and documented patient information, recorded vital signs accurately, and conducted periodic physical examinations to ensure comprehensive health assessments and support clinical decision-making.
